

# David — Finding Strength in the Storm

Rich Shannon  
October 21, 2018 - 1842

1. \_\_\_\_\_ **the storm.**
2. **You were** \_\_\_\_\_ **to weather the storm.**
3. **Consider your** \_\_\_\_\_ .
4. **Utilize** \_\_\_\_\_ **resources.**
5. **It doesn't always** \_\_\_\_\_ .

Connecting people to Jesus through intentional  
relationships with one another.

# Small Group Discussion Opportunities

Discuss these questions together:

1. Share a time that you experienced a storm and you recognized God's role in it.
2. If you were going to thank somebody other than God, who would that be? If you were going to write a thank you card, what would you include in it? (You can use this as a prompt to actually write a thank you card.)
3. Read 1 Samuel: 30. Identify something that stood out for you. What do you think drew your attention to that?
4. Brainstorm with your group what resources you think you currently have access to in regard to "weathering the storms of life."
5. Consider practical application of the concepts shared on Sunday. As you think about the concept of the "cheer box" what have you or would you put in this box?
6. As you consider the illustration of the light house and the concept that you were built to weather the storm, what would you say has prepared you for this?
7. In your closing prayer be intentional and specific in offering God gratitude for sustaining you in a past or present storm of life.

## Support received for SCF October 14, 2018

Needed: \$36,130 Given: \$43,935 Over: \$7,805

## October Prayer Focus:

Please join with us and pray for those in our local community who are affected by homelessness and mental health conditions. These issues are often linked and impact many of our neighbors in 89431 and throughout the valley. Please pray with us daily throughout October for these two specific issues.

**Homelessness** – Pray for the thousands of our neighbors who are either currently homeless or in unstable housing situations such as weekly hotels. Pray for wisdom for local leaders as they make decisions that affect our neighbors and their living situations. Pray for local organizations that serve our homeless and housing unstable neighbors.

**Mental Health** – Pray for our neighbors who are suffering the effects of chronic mental health conditions as well as those who are struggling with periodic mental health challenges. Pray for our local mental health providers who frequently operate on limited resources that often fail to meet the needs in our community. Pray that SCF would be a welcoming and safe place for those who are facing mental health challenges.
