Small Group Discussion Opportunities

Discuss these questions together:

1. Share a story about a time that you recognized you were human and not perfect. It might be amusing, it might be a moment of revelation, or both.
2. As you consider the human behaviors of Peter that were discussed on Sunday, do you identify with any of them specifically or have you identified other behaviors? How does this impact the way you interact with God?
3. On Sunday the shame/ego continuum was discussed. Do you tend to lean toward one end or the other, if so which way? How do you think this impacts the way you relate to others regarding your Christianity? What might help you gain more balance?
4. As Nick shared on Easter and was reviewed on Sunday, Peter was a real human who had real experiences. What might help you continue to read the Bible recognizing that it is a book about real people who interacted with a real God?
5. Share something specific about Peter's life and/or that teaching that you found beneficial. What was beneficial about it?
