### **May Prayer Focus: Moms**

Pray for new mothers with new responsibilities; for expectant mothers, wondering and waiting; for those who are tired, stressed or depressed; for those who balance the tasks of work and family; for those whose children have physical, mental or emotional disabilities; for those who raise children on their own; for those who struggle to feed their children due to poverty; for those who selflessly place their child for adoption; for those who adopt a child into their family; for those who have lost a child; for those who care for the children of others; for those whose children have left home; for those whose desire to be a mother has not been fulfilled. Bless all mothers, that their love may be deep and tender and that they may lead their children to know and do what is good.
